The Hampton Roads Garden Club
Newsletter

May 2024

April proved to be a busy month for all of us. But the fruits of our labor produced a fabulous Historic Garden Week! Thank you to Chairman Sam Bishop and her HGW Committee who have worked so hard for two years planning the details of the tour. It was a wonderful day from start to finish and as HRGC President I could not be prouder of our members for how we collectively come together and create such a wonderful event every year. The creativity of our members is evident in the spectacular flower arrangements that were produced for the tour this year. The pictures I have included in the newsletter prove that we have some of the best arrangers in the state. I have tried to include at least one arrangement made by each arrangement team, however please forgive me if I have left someone out or made any errors. Thanks to Kristin Barnes and many other members who sent me pictures and to those of you I called asking for help in identifying arrangements. The day was topped off by a fun evening at Flowers After Hours, chaired by Courtnay Gilmore and Teresa Robinson. The Poquoson Yacht Club was the perfect setting to end the day on a high note. Congratulations Sam and committee for a job well done!

I am looking forward to our May meeting and luncheon where I will be passing the gavel to incoming president Ann Fisher. Ann and I will be attending the GCV Annual Meeting in Charlottesville two weeks after our meeting. Because the Annual Meeting is so late this year, I will be publishing a June newsletter to report on the meeting and wrap up the club year.

Spring has sprung and I hope you all are enjoying the blossoms as much as I am. Digging in the dirt and planting new flowers is always something I look forward to. I hope you all have fun digging too.

Mary Johnson

Hello, May!

Do to our hearts what
you do to earth's

HRGC Roundtable

After announcing at the April meeting that time was running out to schedule a HRGC Roundtable, Mary Johnson told the members she would send out a survey instead. However, in the days following the meeting she heard from several members that they would really like to have the Roundtable so that different opinions could be heard and there could be a consensus among members

about topics of discussion. So Mary has tentatively scheduled two Roundtable sessions to be held on **Tuesday May 14th** at Sister Cities at 10:00 am and 4:00 pm. Each session will last 90 minutes and topics will include, community projects, fundraisers, HGW, as well as others. Mary will have a sign up clipboard for each session at the meeting. If we do not get enough members to participate then she will cancel the Roundtable. If you have a topic that you feel should be brought to the Roundtable, please contact Mary.

2024 GCV Daffodil Collection "Classics"

The 2024 Daffodil Collection is composed of five different 'Classic' daffodil bulbs. Classic daffodils are those that were registered between 1940 and 1969. These beautiful daffodils are ones that you will often find naturalizing in your gardens and open spaces. Many of them have been used to develop some of our newer varieties. They are perfect for showing and growing. There are many classes offered by the American Daffodil Society specific to the 'classic' blooms. Our collection touches on five of the different ADS daffodil divisions. They will be a lovely complement to your Spring gardens. Blooming from 'early' to 'late' season.

All members have been emailed a copy of the collection description and the order form. You may click on it here: <https://files.constantcontact.com/6e34a939001/af5e07c3-5140-4b9c-b462-070324de07a4.pdf?rdr=true>

Our Daffodil Chair, Sarah Huddleston, will be collecting your orders at the May meeting. When filling out your form please add tax but do not add shipping charges as Sarah has graciously agreed to go to Brent and Becky's and pick up the orders for us. Please make all checks out to Sarah Huddleston. Bulbs will arrive in the fall in time to plant for beautiful blooms in the spring!

Historic Garden Week 2024

Submitted by HGW Chair Sam Bishop

We are still buzzing with joy and gratitude from the wonderful turnout at our recent garden and house tour event – we were close to 500 visitors and over 400 tickets sold.

The day started with some sprinkles, but the sun began shining around lunch, the flowers were in full bloom, and the air was filled with laughter and shared stories as we wandered through the

garden paths and explored the nooks and crannies of the homes. It was a joy to see old friends reconnecting and new friendships blossoming amidst the beauty of nature. And the arrangements!!! We truly outdid ourselves this year. The stunning arrangements added vibrant splashes of color throughout the garden and your "eye" for design attention to detail have truly elevated the homes and gardens. The flowers really were the stars!

The City of Poquoson welcomed visitors with a hydrangea themed sign coming into town – which was a surprise to all of us on the committee and visitors began filing into the learning garden as early as nine o'clock. The Master Gardeners and Colonial Beekeepers were on hand to share information that was not only appreciated but also truly inspiring. It's amazing how much we can learn and grow when we come together as a community.

The day ended with a wonderful Flowers After Hours at the Poquoson Yacht Club – Courtney Gilmore and Theresa Robinson did a wonderful job of finishing a lovely day with a delicious event. The FAH food and friendship was the icing on the cake!

Thanks to the Chairs, House captains, and entire HGW Committee for their support and assistance in making this event a success but a special thank you to those of you that hostessed and arranged – without you the tour would not happen. Your dedication and generosity helped to create an experience that we will cherish for years to come.

The 2025 tour will be hosted by Huntington GC in Wythe/Hampton. Amy Behm and Cindy Hyman will be the Chairs and I know they are planning a beautiful tour.
