## December 2022

The holidays are here which means a busy time for all of us preparing for celebrations with family and friends. It means a change in temperatures to cooler weather with our gardens going dormant until spring. It means shorter days and cozy nights by the fire. It means the end of one year and time to reflect on all that we have accomplished. As HRGC members we have a lot to reflect on as we have come back from two years of limited activity due to the pandemic to diving in full force to our many garden club activities. I want to thank all of you for your commitment to our club and the community that we serve. Each of you are an important part in accomplishing our goals each year but I think that the friendships that we make through working together is a gift that we all cherish. I hope during this busy time of year, that each of you can take a moment to take a deep breath, relax, and enjoy the beauty of this season with those you love. Happy Holidays! Mary

### **Poinsettia Sale**

Thank you to all of our members for your support of our annual Poinsettia Sale. Our Poinsettia Committee members Jane Quinn, Rita Quinn, Kristin Barnes and Trish Lively worked hard to make the sale a success. To those of you who shopped at Anderson's and ate lunch to help us receive an extra percentage of sales we so appreciate your help to increase our profit! To the volunteers who helped on Pick Up Day we had a fun day and couldn't have done it without you! And an additional thank you to those members who are still volunteering with our special deliveries throughout the month! More details to come after the holidays!

The Poinsettia Committee, Jane Quinn, Kristin Barnes and Rita Quinn are assisted by volunteers Mindy Beasley and Mary Johnson.

## Fundraising Committee

The Fundraising Committee, chaired by Joanna Bigley, has had a busy couple of months. They held a Charcuterie Board Class and planted and sold Amaryllis bulbs at the City Center Tree Lighting German Marketplace. Thank you to everyone who supported these

fun events!

### Community Projects

On Monday December 5th members from HRGC and HGC spent the morning with residents of Newport Harbour Apartments in a wreath making workshop. Wreaths, greenery, ribbon and all the trimmings were provided for the residents to choose from in order to make their wreaths. Instructions on how to make a bow were given and a fun day was had by all. Extra wreaths were made by our members for use around the community center during the holidays. Thanks to Birgit Kingsbury, HRGC Community Projects

Chair, Amanda Graham, Mindy Beasley, Sherry Maynard and HGC members Pam Henifin and Martha Elton for helping to spread some holiday cheer to the apartment residents.

### **Danielle Rollins and Laura Dowling Events**

In November many HRGC members attended two special events in our area. First, a group headed to Suffolk for a luncheon featuring Danielle Rollins, interior designer, event planner and floral arranger. Later in the month, members traveled to the Williamsburg Library for a presentation by Laura Dowling, former White House florist in the Obama administration. Both presentations were very interesting and our members have a fun day at each event.

## **Tips for the December Gardener**

**Virginia Grown  
December 2022**

In the South, where December brings welcome relief from the heat to plants and gardeners alike.

Take advantage by growing plants that you can't grow for most of the year and by undertaking tasks requiring vigorous physical activity.

**Here are regional gardening tasks to perform to get the winter off on the right foot.**

- You are at the end of another gardening year. This is a great time to take stock of your garden to determine which aspects of it you love most and which aspects you do not care for so much. You may wish to make changes for the next gardening year that give you more of the former and less of the latter. Hopefully, you have been taking photos of your garden and

recording your thoughts about it in a journal all year long, so that the process of evaluation does not rely solely on memory.

- If you have been [storing bulbs, corms, or tubers](#), check them to make sure that they are neither rotting nor totally drying out.
- Order seeds to plant in spring,
- Shelter tender plants with row covers when temperatures take a dip.
- Add [compost](#) to the garden.

Plant trees and shrubs.

- Prune [wisteria](#), starting with the longest vines. \*\*\*
- Finish planting spring flowering

- bulbs
